Introduction

This Report covers the 1982 General Enumeration conducted pursuant to Part 2 of the Election Act.

Conduct of the Enumeration

The 1982 General Enumeration commenced on September 15th and the door to door visits to residences were completed on September 30th, 1982 by enumerators engaged by the returning officers in each of the seventy-nine electoral divisions in the province.

The 1982 Enumeration revision period required in accordance with Section 14 of the Election Act was scheduled for October 14, 15 and 16. However, a Writ of Election was issued on October 5, 1982 requiring a general election to be held on November 2, 1982. Accordingly, the revision planned as part of the annual enumeration was superseded by the revision provided for in Section 46 of the Election Act and revisions were held from October 11 through October 23.

The number of names of registered electors recorded in Appendix II of this report contain only the number of electors listed on the list of electors as a result of the visits by the enumerators to residences between September 15 and September 30, 1982. The names of electors added to the list of electors during the general election revision period and the names of those electors who were sworn in at advance polls and at polling stations on polling day will be recorded in the report on the 1982 General Election.

Training Seminars for Returning Officers

All seventy-nine returning officers attended a course of instruction in Edmonton prior to the commencement of the 1982 General Enumeration. The enumeration guides that were prepared for the 1981 General Enumeration were updated and issued to each returning officer. Sufficient copies of the Guide for Enumerators and the Information for Students pamphlet were included in the returning officers enumeration supplies. The names and addresses of each of the seventy-nine returning officers who conducted the 1982 General Enumeration are recorded in Appendix I.

Publicity

Advertising in the daily and weekly newspapers circulated throughout the province was comparable to the advertising utilized during the 1981 General Enumeration. However, a special notice was published in all Alberta daily and weekly newspapers notifying electors that the three day enumeration revision period scheduled for October 14, 15 and 16 was superseded by the election revision period of October 11 to 23 inclusive resulting from the issue of a Writ of Election on October 5, 1982.

Results - Registered Electors

Maps and Lists of Electors

Maps of each electoral division showing sequentially numbered polling subdivisions were prepared by the Alberta Bureau of Surveys and Mapping. Copies of these maps were distributed to the registered political parties in accordance with Section 34 of the Election Act.

Lists of electors were compiled in accordance with Section 26 of the Election Act. The list for each polling subdivision within an electoral division included a cover page containing a boundary description and, where possible, a map of the polling subdivision.

Returning officers in each of the seventy-nine electoral divisions were made responsible for the reproduction of the list of electors for their respective electoral divisions. Distribution of the list of electors for candidates was actioned by each returning officer. The Chief Electoral Office distributed the required copies for each Registered Party Headquarters.

Financial Analysis

The cost to conduct the 1982 General Enumeration, during which 1,386,222 eligible voters were recorded on the list of electors, was $3,048,158 with an average cost per name of $2.20. A cost summary by electoral division is contained in Appendix IV.

An analysis of the cost summary of the 1982 General Enumeration indicates:

- the cost of $3,048,158 to conduct the 1982 Enumeration was 2.8% higher than the costs incurred for the 1981 Enumeration. The slight increase in overall cost in conducting the 1982 Enumeration resulted mainly from the increase in the number of names on the list of electors. However, the average cost per name included on the list of electors dropped from $2.24 in 1981 to $2.20 in 1982,

- for the forty-two rural electoral divisions in which 580,269 names were recorded on the list of electors, the total cost was $1,128,590 with an average cost per name of $1.94. The highest cost per name was $3.44 recorded for the electoral division of Chinook, while the lowest cost was $1.34 per name recorded in the electoral division of Stony Plain,

- for the thirty-seven city electoral divisions in which 805,953 names were recorded on the list of electors, the total cost was $1,751,619 with an average cost per name of $2.17. The highest cost per name was $2.49 recorded for the electoral division of Edmonton Glenora, while the lowest cost per name was $1.99 recorded in the electoral division of Calgary Egmont,

- the seventy-nine Returning Officers were paid fees and expenses amounting to $594,993 representing approximately 19.5% of the enumeration cost. Fees and kilometerage amounting to $2,285,216 were paid to the 6,926 enumerators, representing approximately 75% of the enumeration cost. The remaining 5.5% represents costs incurred by the Office of the Chief Electoral Officer,

- in excess of 8,000 individual fees and expense claims were received, verified and processed for payment through Provincial Treasury in a three to four week period.

Problem Areas

No major problems were encountered in the 1982 General Enumeration. The issue of the Writ of Election on October 5, 1982 made it necessary for this office to implement special arrangements with the registered political parties concerning the distribution of the lists of electors pursuant to Section 34 of the Act. By agreement with all registered parties five copies of the list of electors were provided by the applicable returning officer to each candidate of a registered party and one copy of the List was

delivered direct to the registered party headquarters by the Chief Electoral Officer. This procedure ensured that the requirements of Section 34 were met.

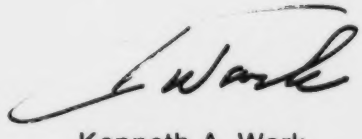
Conclusion

The 1982 Enumeration was, in general, efficiently conducted by the 6,926 enumerators employed throughout the seventy-nine electoral divisions.

Public interest in this year's enumeration was markedly increased from previous enumerations. This increased interest was undoubtedly due in large part to the general speculation concerning the possibility of a general election in close proximity to the conclusion of the enumeration.

The success of the 1982 Enumeration was largely due to the effective management displayed by each of the seventy-nine returning officers. I wish to record my sincere appreciation for their dedication and the professional manner in which they carried out their duties under the Act.

Respectfully submitted,



Kenneth A. Wark
Chief Electoral Officer
